

## On the Safe Abolition of Pain: In Labour and Surgical Operations, by Anaesthesia with Mixed Vapours (Classic Reprint)

Filesize: 1.04 MB

### ***Reviews***

*Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Bernie Mante PhD)*

## ON THE SAFE ABOLITION OF PAIN: IN LABOUR AND SURGICAL OPERATIONS, BY ANAESTHESIA WITH MIXED VAPOURS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from On the Safe Abolition of Pain: In Labour and Surgical Operations, by Anaesthesia With Mixed Vapours It must needs be superfluous for me to speak of the vast good which has arisen from the discovery of anaesthesia, whether by ether, or by chloroform. This little work was not designed for so trite a purpose. Neither has it been my object to advocate the use of one agent to the exclusion of others. My design has been to rob insensibility to pain of its terrors, and to remove its danger so far as, by any human device, that may be within compass of our art. The history of anaesthetics has unhappily a gloomy shadow to contrast with its long array of blessing and relief. That shadow is the occurrence of a sudden and unforeseen death to some of those who have applied to the discovery for immunity from a temporary pain. Into the causes of this danger in anaesthesia I have thought it very unnecessary to enter, since these are fully discussed in other pages. They may be reduced, however, to a few simple heads, and are cursorily alluded to in this work. I take it for granted that there is danger in chloroformization, and indeed in every anaesthetic process, to a greater or less degree. I believe that the common sources of danger are due either to the agent, or to its mode of administration, or to both. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
