Study and Design of Tall Office Building Power Plant: A Thesis Presented (Classic Reprint)

By Warren E Hill

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Study and Design of Tall Office Building Power Plant: A Thesis Presented The power plant chosen for this Thesis represents the most modern of office building power plant installations. The Heyworth Building constructed this year, rises eighteen stories and attic above, with three separate basements below the City street level. The building situated at the Southwest corner of Madison Street and Wabash Avenue extends along the former street a distance of one hundred ninety six feet and along the latter one hundred feet. It has thus fully exposed sides to the North and East and with an alley on the West side is only slightly protected on that side from the weather. Above the tenth floor the building is entirely exposed on all sides. The first basement, the floor of which is fourteen feet below the street level, is occupied by a restaurant, while the two sub-basements, each twelve feet in height, are partially occupied by the power plant. Electric lighting, heating and elevator service, are the chief consumers of power, and it was the...

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It has been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.
