SAGE Publications Ltd Nov 2015, 2015. Taschenbuch. Book Condition: Neu. 244x170x11 mm. This item is printed on demand - Print on Demand Neuware - How do social workers in the UK legal context act ethically What do we understand by ethics and how does social work law relate to it Social work practice in all countries incorporates a clear, unstinting commitment to social justice, but what is social justice Using an applied, practice-based and refreshingly 'real' approach, this text bridges the gap between law and ethics. Each chapter opens with a case study which considers ethical dilemmas in real life practice. Chapters have been designed to help students strengthen their critical reflection skills, encouraging consideration of the legal and ethical dimensions of social work generally and in personal practice. Topics such as care proceedings, adoption, community care, youth justice, mental capacity and accountability explore how understanding and application are equally important. 200 pp. Englisch.
