Publisher/Verlag: Penguin US | Heretics, Activists, and the Search for Justice in Science | New York Times Book Review "[S]mart, delightful. a splendidly entertaining education in ethics, activism and science." Editors's Choice, New York Times Book Review An impassioned defense of intellectual freedom and a clarion call to intellectual responsibility, *Galileo's Middle Finger* is one American's eye-opening story of life in the trenches of scientific controversy. For two decades, historian Alice Dreger has led a life of extraordinary engagement, combining activist service to victims of unethical medical research with defense of scientists whose work has outraged identity politics activists.
