D. gives the United States anything but a clean bill of health. In a far reaching commentary youll never hear on Meet the Press; medical problem-solving and common sense are compared to political patrimony in the face of dire systemic problems. The paralysis of Washington DC is exposed for what it is - Machiavellian greed and irresponsibility; flagrant denial that their broken partisan political system is threatening to kill our American way of life. He explains how leadership and accountability have been replaced in Washington DC by extremism and myopic ideology; insinuated with crony capitalism and seeking domination through polarized elections and money. We the People- who rely on DC to maintain a society where hard work should afford us our constitutions most basic goal, promotion of the The General Welfare are increasingly irrelevant. The arrogance of todays leadership is unprecedented and must end. But his message is one of confidence that the wisdom, productivity, ethical standards and vitality of the American people can be harnessed and must prevail over partisan political corruption and crony capitalism. In the end, the Handbook shows the reader how **WE THE PEOPLE** can empower ourselves with knowledge and unity, to exercise our Constitutional rights and reshape our own future as a team.
