Acoustics for Musicians

By Percy C Buck

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the PREFACE. It is held by a good many people - and I am not concerned to contradict them - that the time spent by music-students in acquiring a knowledge of Acoustics is time wasted. The fact however remains that many students do so spend some of their time; and musical examinations, by asking questions on the subject, force them to continue doing so. And I suppose everyone will agree that, if a subject must be studied, it is best to study it intelligently. The experience of a good many years, both in teaching and examining, has convinced me that very few students ever succeed in grasping the underlying principles of Acoustics at all. They acquire the jargon, and store their minds with text-book facts; but they seldom grip the scientific basis on which the theory of sound is built. And in support of this contention I will advance two conclusions - it would be easy to give a dozen - to which I am driven by the answers to questions set in examination-papers. Firstly, it is...

Totally one of the better pdf I have at any time read through. It really is simplified but shocks within the 50 % from the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
